About the Institution:

Aurora's Degree & PG College is Accredited by NAAC with "B++" Grade. The College has wide reputation for its quality of teaching & learning and a holistic approach towards grooming the students. The Institution believes in all round development of a student. The development of the learner is directly dependent on the development of a teacher. The College promotes all kinds of academic activities which facilitate the growth of a teacher and a learner. Aurora's Degree College was established in the year 1989. It has a remarkable history of success stories to pool in its records. The College, affiliated to Osmania University, offers three years undergraduate course in different streams namely Management, Commerce, Physical Sciences, Life Sciences and Humanities.

About the Department:

The Department of Statistics has been upgraded from UG level to PG level in the academic year 2009, offering MSc Statistics course, which is the first affiliated college under Osmania University. Under the guidance of Professor (Late) Siva Rama Krishnaiah and Dr. Raghunatha Acharya, the department is grooming, around 600 students at UG and PG level, providing research projects and Internship Programs for UG and PG students to cater to the demands of industry and take pride in contributing towards the success of students.. The Department expanded with Applied Statistics at PG Level and Data Science Course at UG Level in the year 2020.

About the Workshop:

The workshop is being organized by the Department of Statistics and has been designed in-line with the syllabus of B.A./B.Sc. III Year (Semester V) Practical Paper – V (A): Applied Statistics-I using R-Software.

The workshop caters to Statistics faculties of Telangana Universities with the objective to give them a hands-on training in R-software as required for the Practical Paper (V). Over the 3 days, we will cover the syllabus as approved by the BOS in Statistics and complement each topic with data-driven examples and classroom exercises using R-software. Post workshop, the faculties will be well equipped and prepared to conduct the course for the students in their respective colleges.

The detailed content of the workshop has been provided. We look forward to having you part of the 3-day workshop and share an enriching experience along with us.
